September 2019 - Current (Expected Grad: 12/2025)

Susan E. Wagner High School, Staten Island, NY - Diploma

September 2015 - May 2019

SKILLS

- SQL
- Python
- Java/Kotlin
- C++
- Ocaml
- HTML/CSS

PROJECTS

Website Portfolio:

Experimented with Django to create a directory containing various Django and Next.js apps I have built.
[Click Here to View](#)

Android App:

Utilized Android Studio to create a mobile application. The app allowed users to visit landmarks in Boston, play a game at each to win a virtual reward.

Language Compiler:

Engineered a compiler to translate a high-level OCaml into a stack-oriented language. Utilized complex syntax parsing and transformation, with various operators and expressions to create a valid expression value from the input.
